

FRANK WM. RANE, B.AGR., M.SC.
STATE FORESTER

THE COMMONWEALTH OF MASSACHUSETTS

OFFICE OF THE

STATE FORESTER

6 BEACON STREET

BOSTON

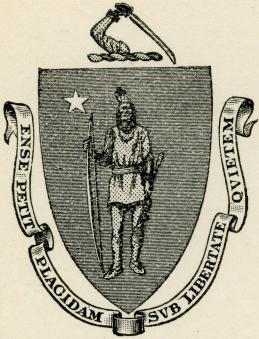

Dear Sir:--

Permit me to call to your attention the requirement contained in Section 4 of Chapter 381 of the Acts of 1905, as amended by Chapter 600, Acts of 1913, relative to the appointment of a local moth superintendent by mayors in cities and selectmen in towns in the month of January. In making this appointment may I urge upon your board the importance of selecting a person who shall, by experience or otherwise, be well qualified for the position? If the present occupant of the position has shown himself well equipped for the place, as evidenced by the results he has accomplished, I suggest to your honorable board the wisdom of retaining him, if possible, for the ensuing year. If, on the contrary, his work according to your judgment has not been efficient, your efforts should be directed towards securing a more capable man for the place. If for any reason a change is contemplated, I am convinced that a consultation between your board and this office before any action is taken, in order that existing conditions may be discussed and thoroughly understood, would be distinctly advantageous to all concerned.

It is the earnest desire of the State Forester to have the moth suppression work in Massachusetts brought up to the highest point of efficiency possible. Upon him rests in large degree the responsibility of success or failure. He realizes very fully that success in this important work depends absolutely upon a full measure of co-operation of the city and town officials and citizens generally throughout the moth-infested area of the State. This co-operation he earnestly solicits from all.

Very truly yours,

F. W. Rane
State Forester.

WILLIAM A. L. BAZELEY
STATE FORESTER

THE COMMONWEALTH OF MASSACHUSETTS

DEPARTMENT OF CONSERVATION

WILLIAM A. L. BAZELEY
COMMISSIONER

DIVISION OF FORESTRY

STATE HOUSE, BOSTON 9

January 11, 1921.
